

EXPLORE THE HUMAN BRAIN

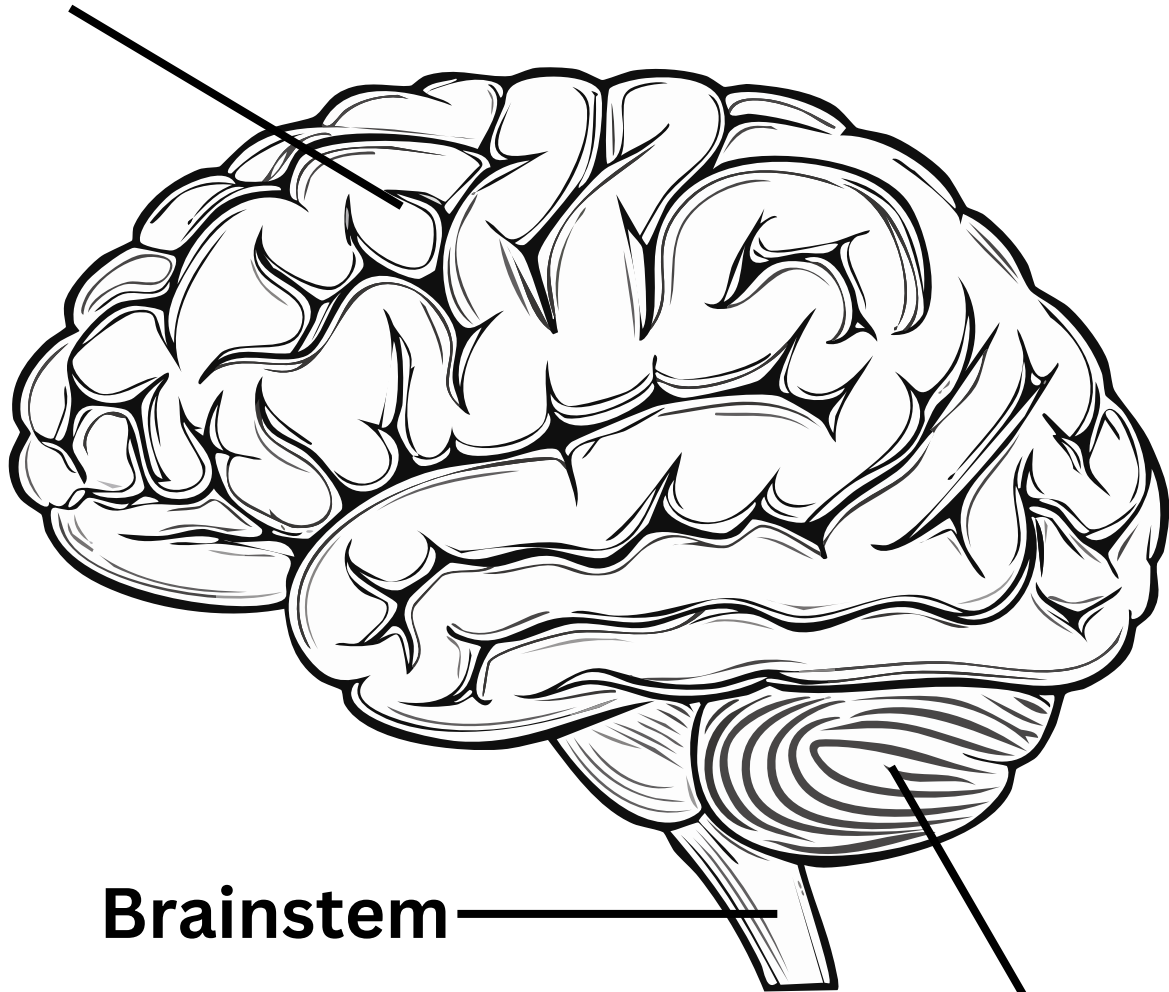

A STEM COLORING BOOK
@STEMWITHOUTBARRIERS

WHAT DOES A NEUROSCIENTIST STUDY

Frontal Lobe

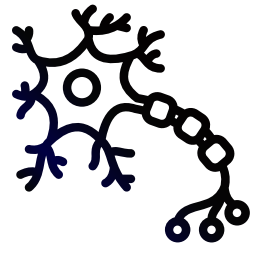

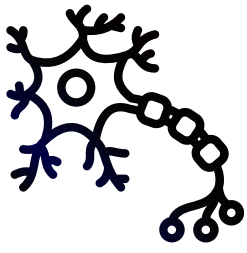

Brainstem

Cerebellum

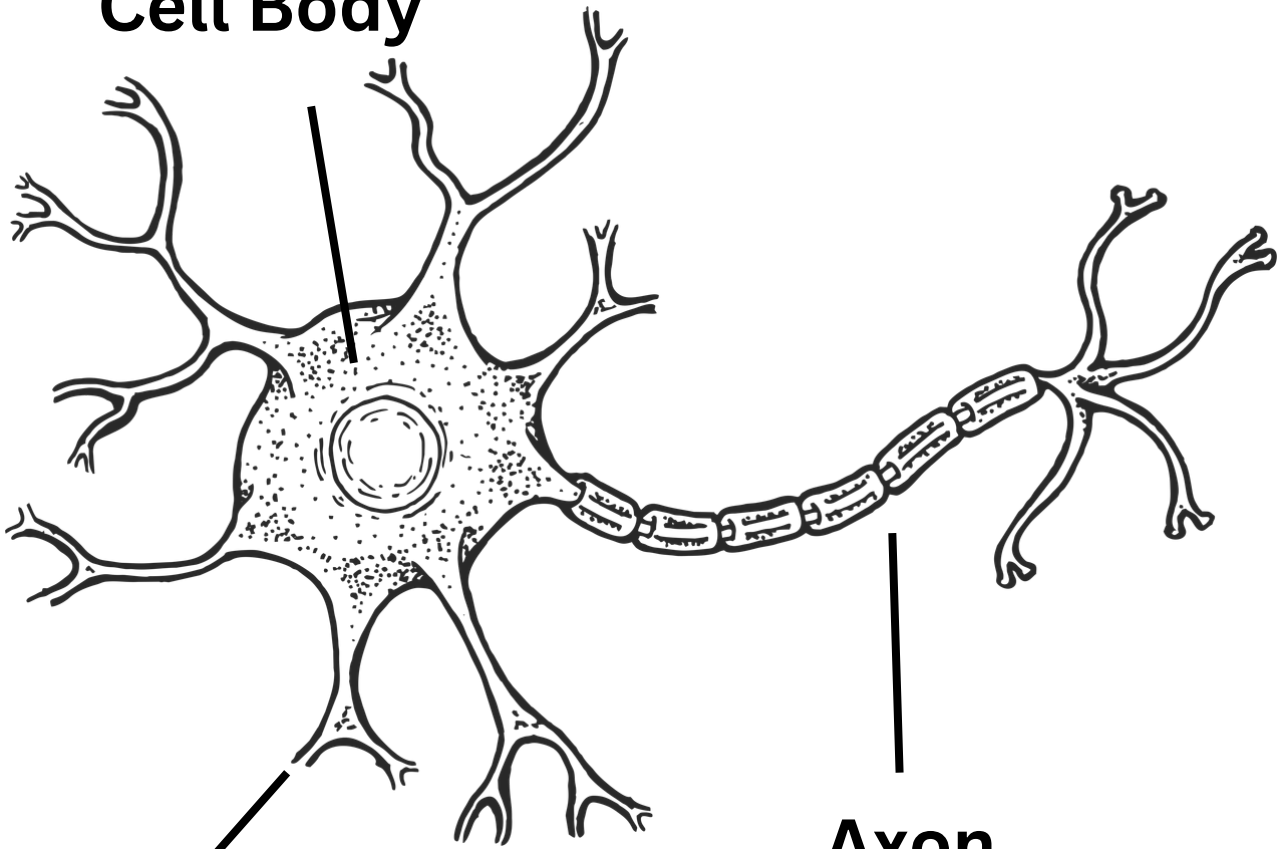

DID YOU KNOW?

Your brain helps you learn, move,
remember, and sense the world around you.

NEURONS: THE BRAIN'S MESSENGERS

Cell Body

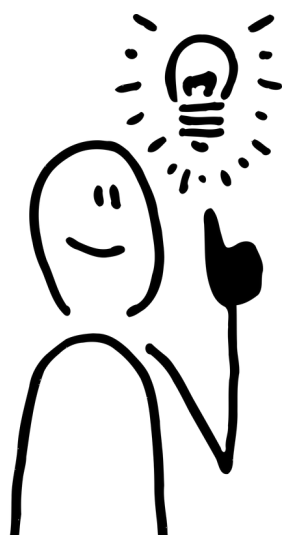

Axon

Dendrites

**DID YOU
KNOW?**

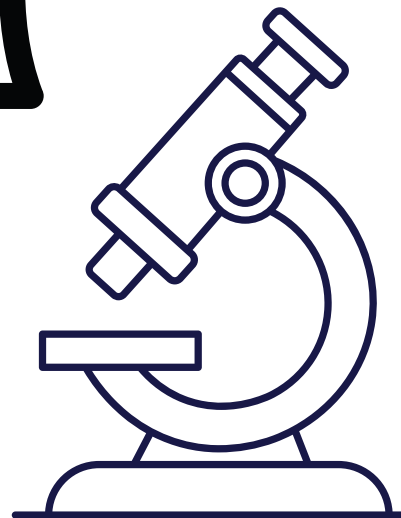

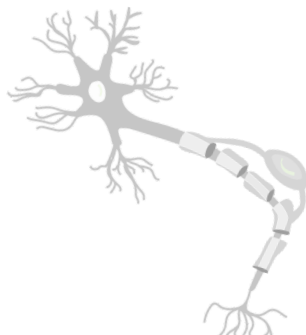

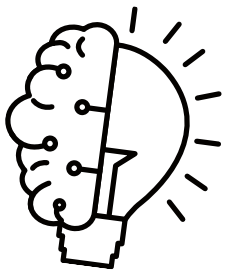

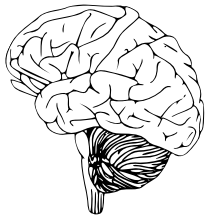

Neurons send messages
throughout the nervous
system.

BRAIN SCIENCE

**DID YOU
KNOW?**

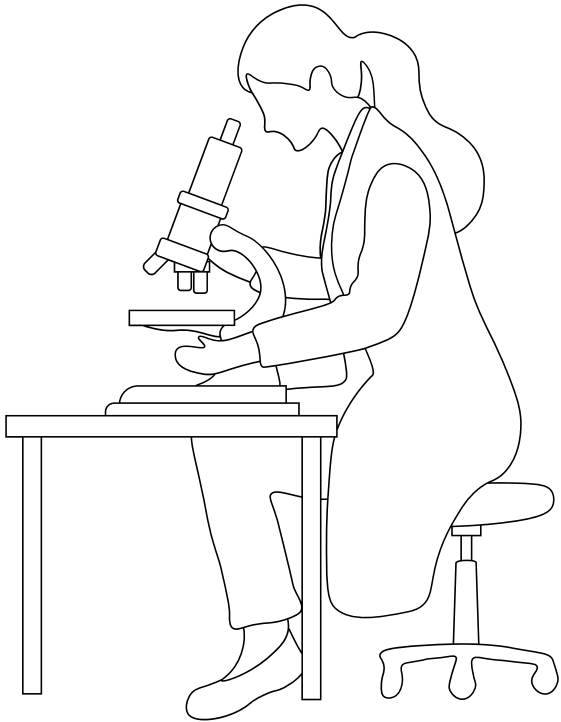

Brain scientists use
tools to learn how
brain works.

BRAIN SCIENCE CAREERS

NEUROSCIENTIST

Studies the brain and nervous system.

NEUROLOGIST

Helps diagnose and treat brain disorders.

**COLOR YOUR
FUTURE!**

Which brain
science career
interests you?
