

PAPER ROCKETS

STEM ACTIVITY

MATERIALS:

- 2X PLASTIC STRAWS
- 5X PIECES OF TAPE
- 1X SCISSORS
- 2X PAPER CUTOUT
- 1X PENCIL

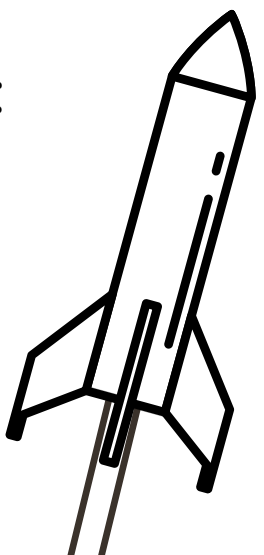

GOAL: BUILD A PAPER ROCKET USING THE MATERIALS, AND LAUNCH THE ROCKET AS FAR AS YOU CAN.

GATHER MATERIALS, AND TAKE YOUR TIME AND CAREFULLY CUT OUT THE SHAPES ALONG THEIR LINES.

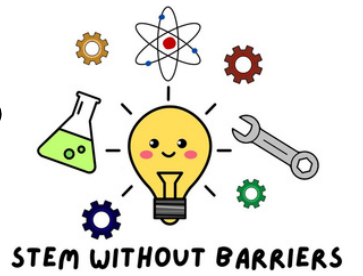

USING A PENCIL, TAPE AND WRAP THE RECTANGULAR PIECE TO ITSELF, TO FORM A CYLINDER SHAPE. THEN FORM A CONE SHAPE BY TWISTING THE PAPER AROUND THE TIP OF THE PENCIL, USE TAPE TO SECURE IT!

USE THE FINS YOU PREVIOUSLY CUT OUT, AND TAPE THEM ON OPPOSITE SIDES OF THE FUSELAGE (CYLINDER+CONE SHAPE YOU MADE EARLIER).

REMOVE THE PENCIL, THEN PLACE YOUR STRAW ALL THE WAY THROUGH THE PAPER ROCKET. WHEN YOU'RE READY, BLOW! TRY TO SHOOT THE ROCKET AS FAR AS YOU CAN! MAKE SURE TO BE CAREFUL AND AWARE OF YOUR SURROUNDINGS!

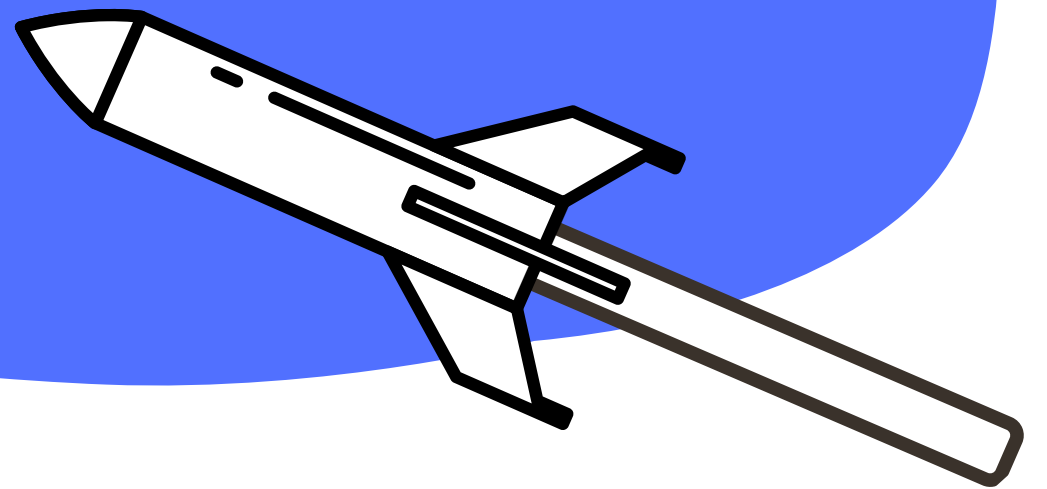

**TAKE A PHOTO OF YOUR PAPER ROCKET AND SHARE
YOUR RESULTS WITH STEM WITHOUT BARRIERS IF YOU'D
LIKE!**

STEM CHALLENGE

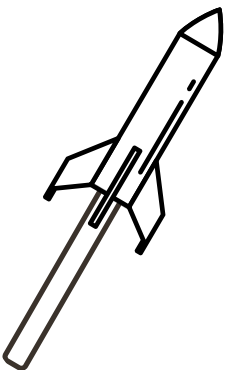

ROCKET LAUNCHERS

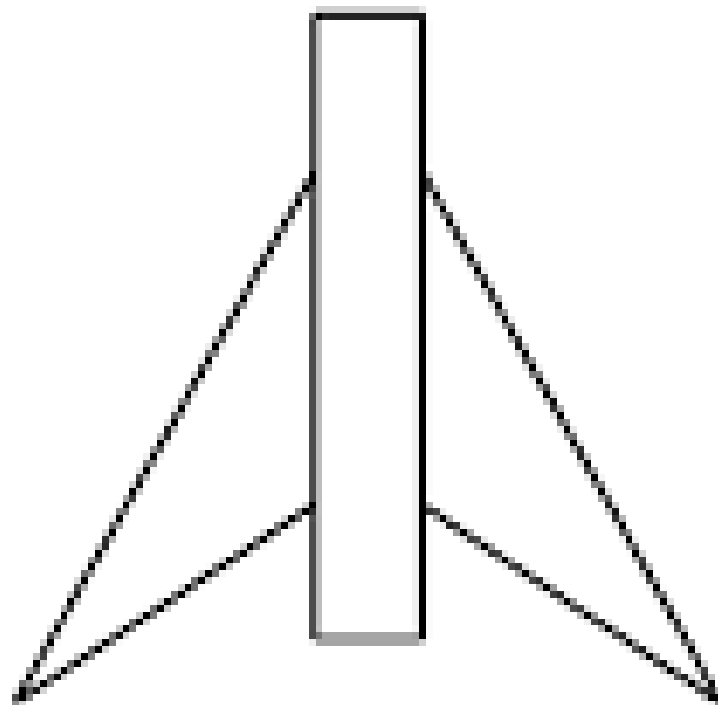

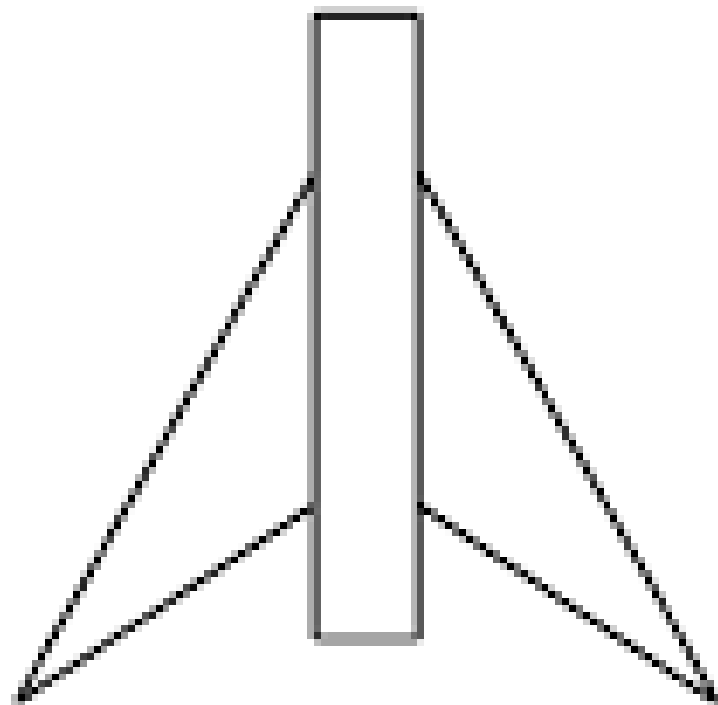

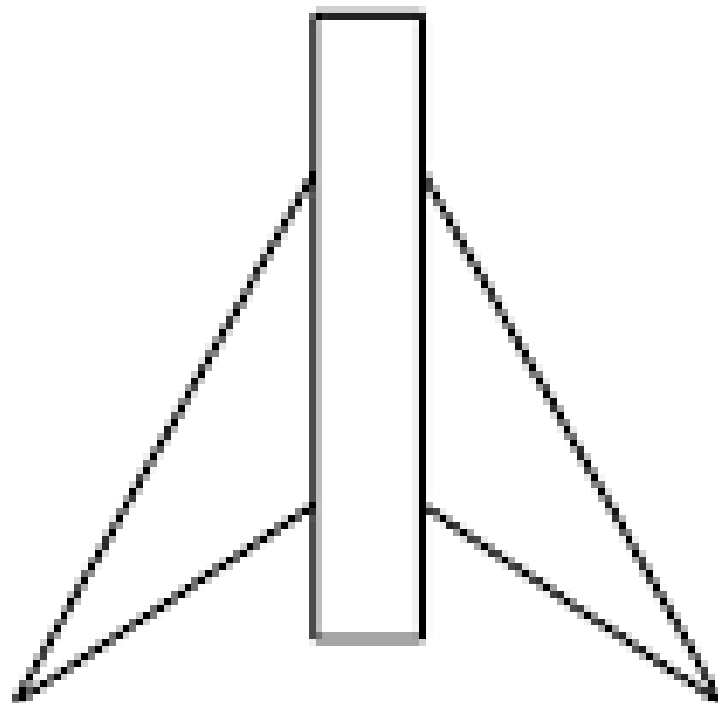

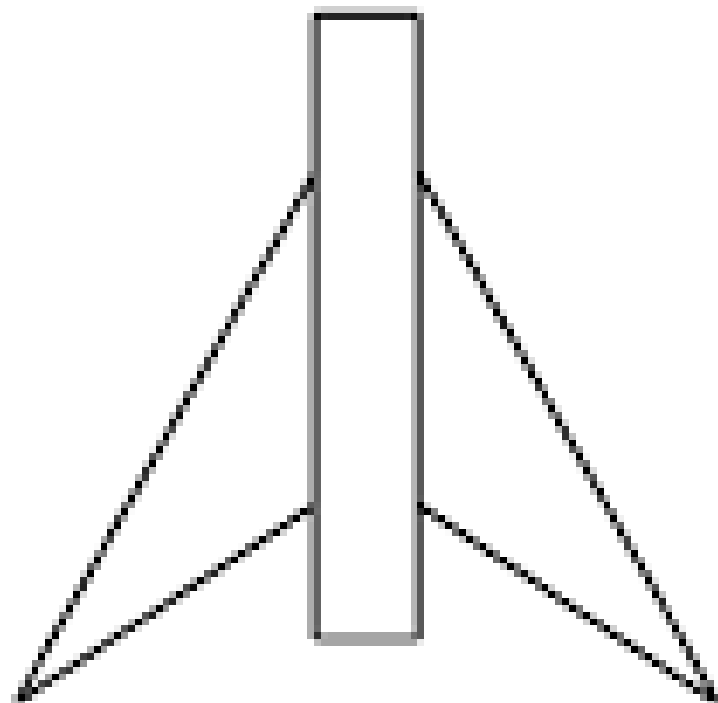

- 1. HOW DO THESE ROCKETS COMPARE
TO ACTUAL ROCKET LAUNCHES?**
- 2. WHAT WAS THE BIGGEST
CHALLENGE?**
- 3. WHAT PARTS OF THE ROCKET DO
YOU KNOW?**

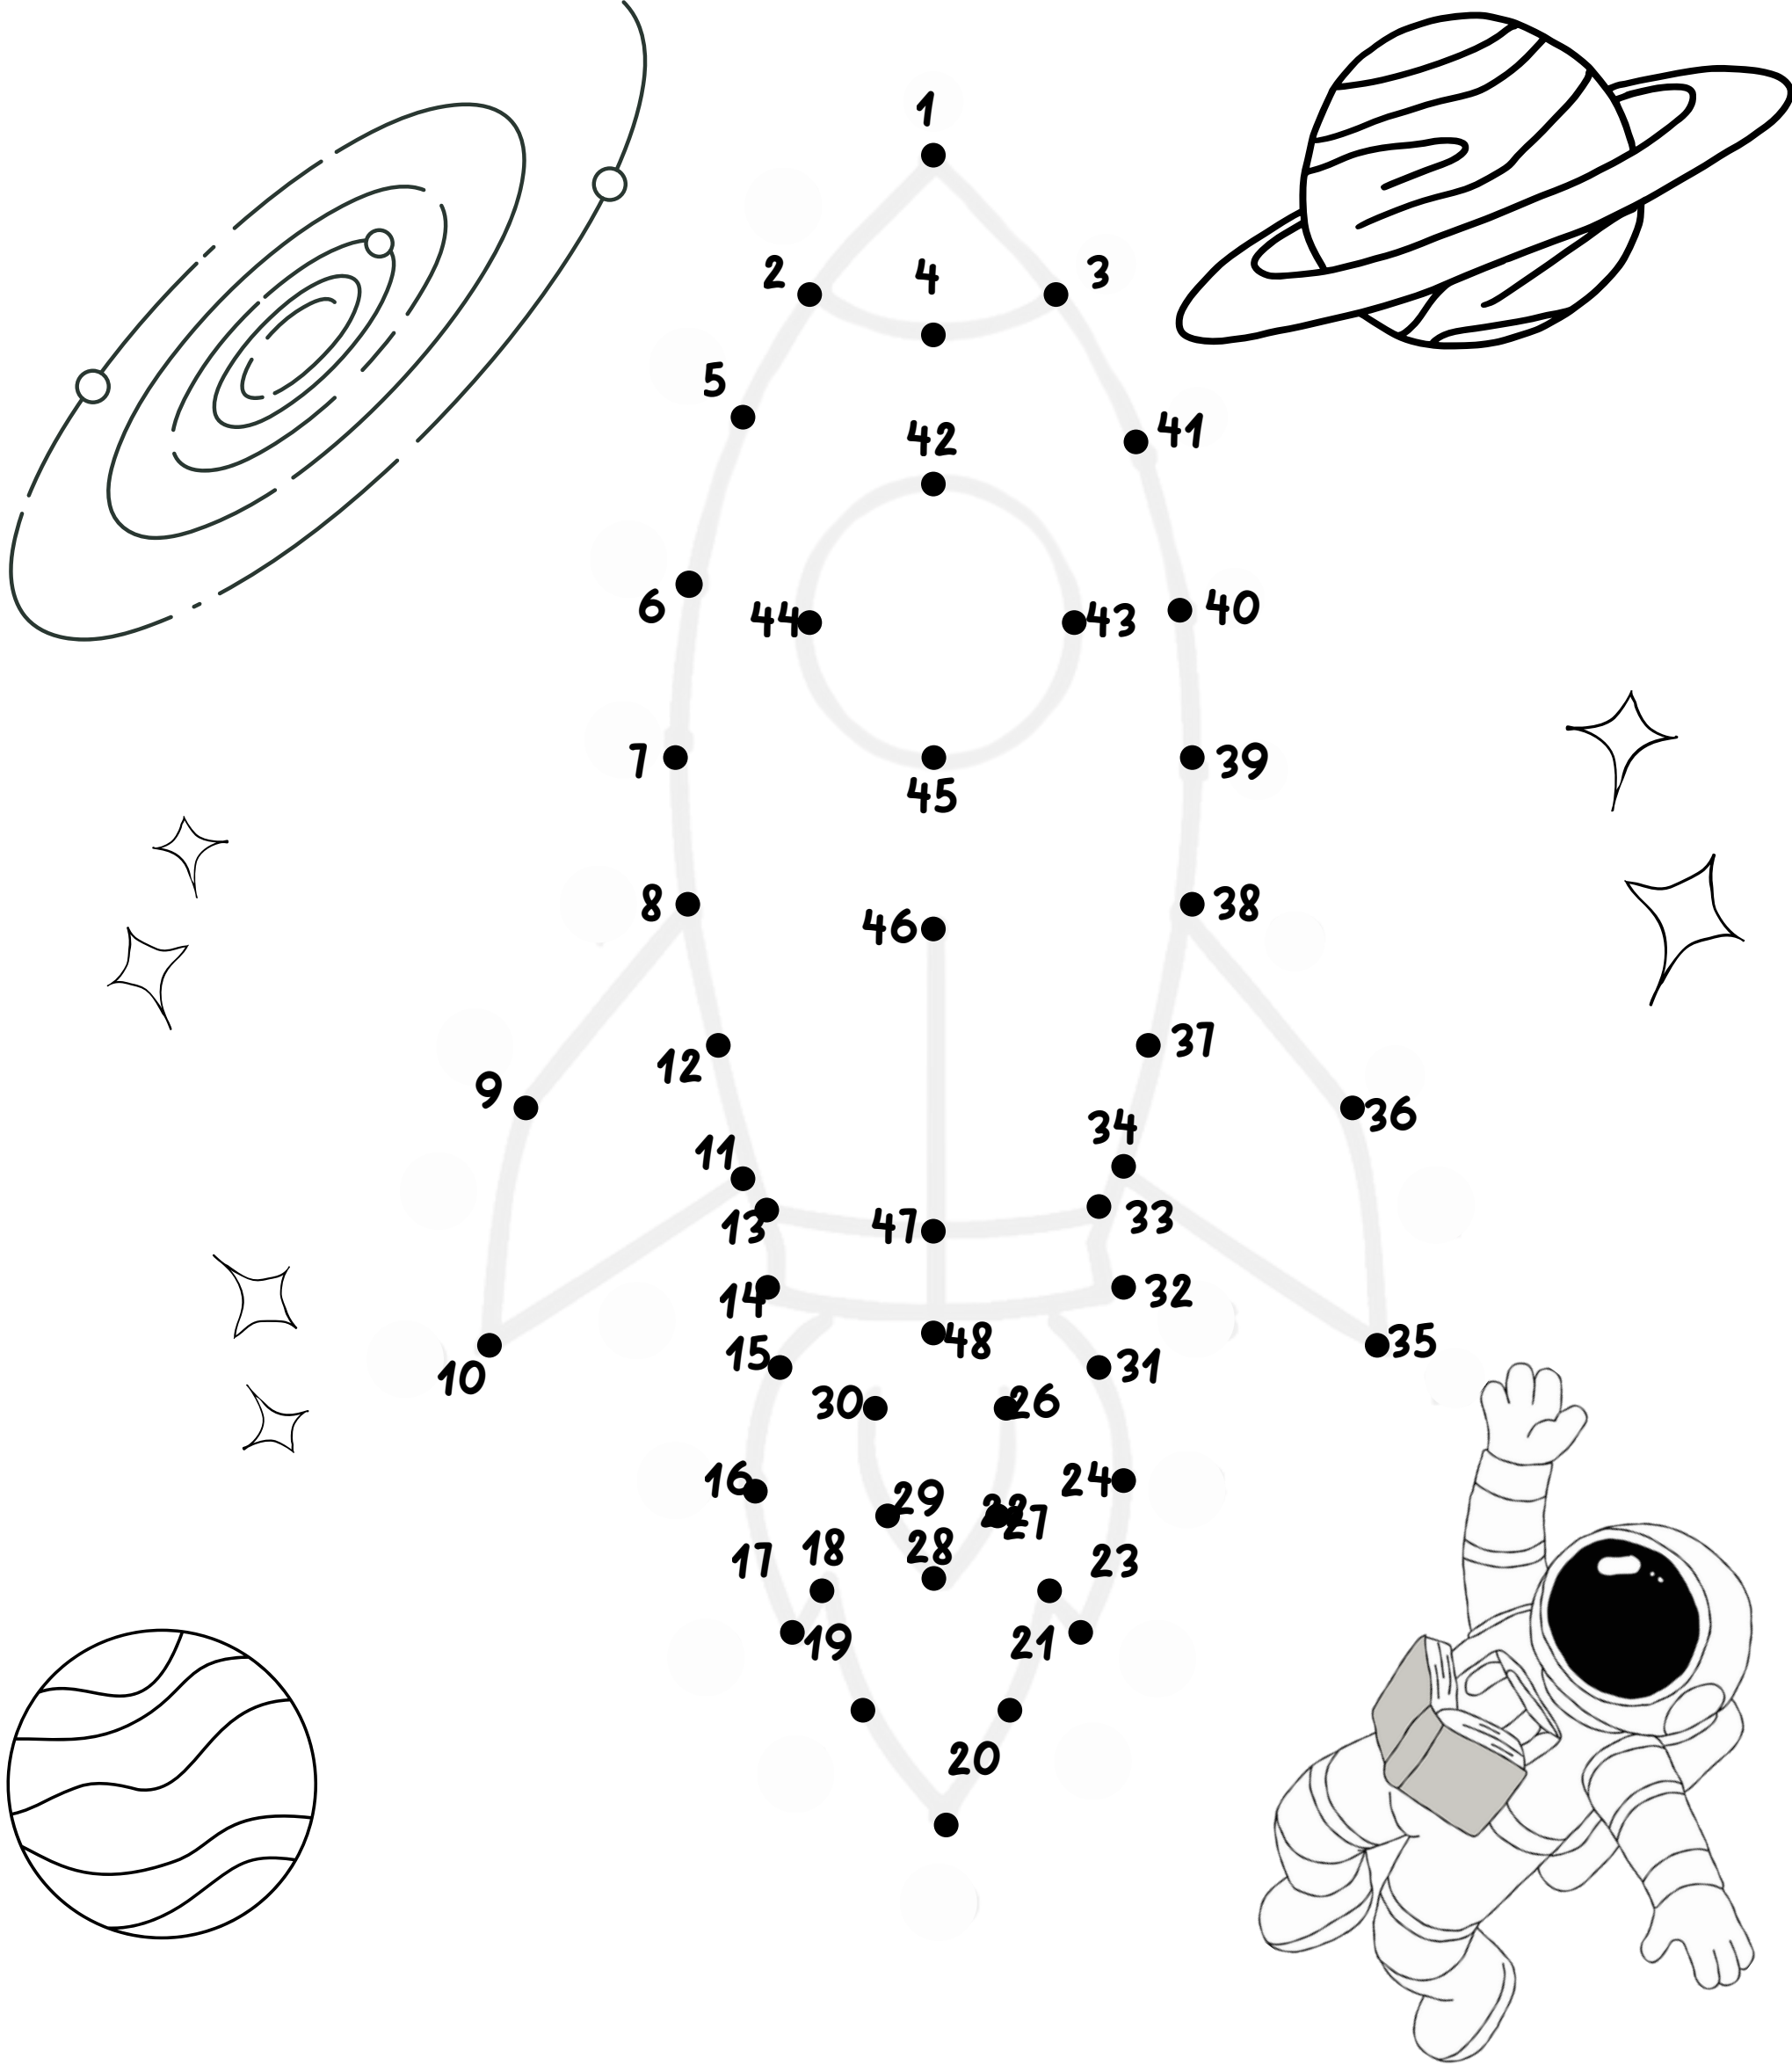

**KEEP BUILDING. KEEP CREATING. KEEP
ENGINEERING.**

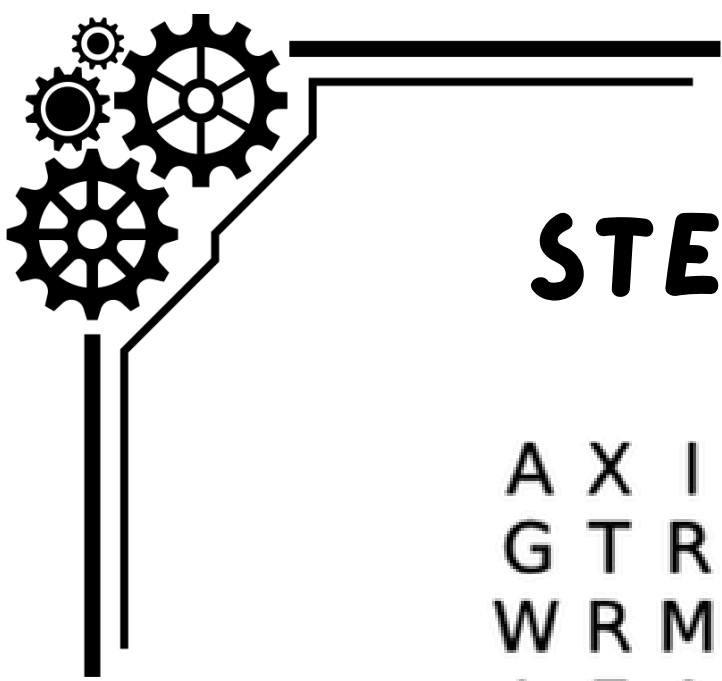

**YOU ARE THE
FUTURE OF STEM!**

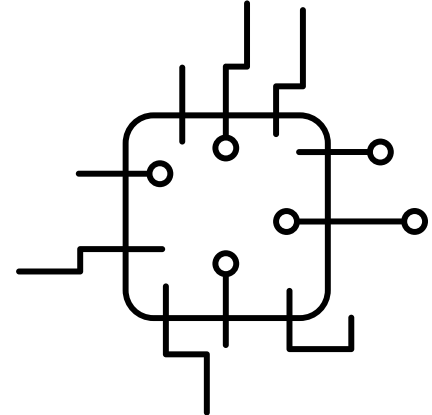

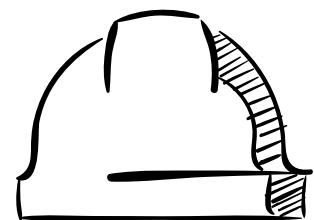

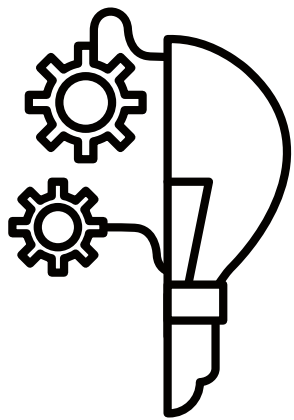

**YOU CAN BLAST OFF INTO SPACE IN YOUR ROCKET, BUT
FIRST CONNECT THE DOTS TO COMPLETE IT!**
